# TIMELINE

We are back once again!

Hackathons are opportunities for the ears of programmers/coders. They not only provide a dais to recognize you talents and efforts, but also give an environment filled with raging adrenaline which fuel the ever-lingering taste of winning. RV Institute of Technology and Management, has undertaken this very thought and aims to provide best in quality services, competitive space for 24 hours and a prize tag that matches your mind. FANTOM CODE-2024, is our brainchild which nurtures ideas from across the state so, make sure you catch it when it all unveils on 11th May (Round 1), 16th May(Round 2).

# RULES & REGULATIONS

## General Instructions

### Round 1: To be conducted on 11th May 2024

- Teams present their projects based on their chosen theme for the open innovation initiative.
- Any topic from any field can be chosen for the presentation.
- Strict adherence to the provided presentation template is mandatory, deviations lead to disqualification.
- Presentations must be delivered within the allocated time slot on the online platform, failure to do so will result in automatic disqualification.
- Each team will be allocated 5 minutes for the presentation and 5 minutes for the Q&A with judges.
- Jury decisions are final, successful teams advance to Round 2.
- All teams that give a presentation will be awarded an E-certificate.

### Round 2: To be conducted on 16th - 17th May 2024

- A team must consist of 2 to 4 members.
- Development cannot commence before the official start time of the event, violation will result in disqualification.
- First line of code must be written on or after May 16, 2024, at 10 AM, post registration.
- Preparatory work like brainstorming and creating wireframes/mockups is encouraged.
- All software development tools, engines, IDEs, and languages are allowed, ensuring accessibility for all team members.
- Only code created during the hackathon is eligible, publicly developed APIs/SDKs are permitted.
- Hackathon prioritizes a harassment-free environment, violations result in sanctions or expulsion.
- Work stops at designated time, minor fixes are allowed post-time.
- Leaving the venue is permitted only for emergencies.
- Damages to property incur fines.
- Judging criteria include technology, design, completion, and learning, each weighted equally.

## Points of Interest :

- Meals on May 16th (lunch and dinner) and breakfast on May 17th will be provided.
- Snacks and refreshments are available throughout.
- Medical assistance is accessible for emergencies.
- Recreational activities offered for participants' enjoyment
